# About IGLC - The International Group for Lean Construction

- Founded in **1993**
- A network of professionals and researchers in architecture, engineering, and construction (AEC) who feel that the practice, education, and research of AEC have to be radically renewed in order to respond to the challenges ahead and our Vision is Lean Construction.
- The Group meets in different locations around the world every year and the 26th such event will be held at Chennai in July, 2018.

## About the Conference

The main Objective of holding IGLC in India is to give a fillip to its budding Lean community. While Lean Manufacturing concepts have been around for quite some time in India, Lean construction is just catching on. Over the past years many leading international Lean experts have visited India for technical programmes: India has also held two Lean Construction conferences successfully in 2015 and 2017, attended by about 250 Lean construction enthusiasts. Holding IGLC 2018 in India will also be beneficial to the many neighbouring countries in Asia, Africa and Australia, where Lean Construction is still nascent.

Apart from the traditional technical events of IGLC, there will also be entertainment programmes and other recreational activities. Chennai is well connected by air to global destinations. There are places of great tourist interest in and around Chennai as well as elsewhere in India. There are several interesting possibilities for pre-and post-conference tours.

**IGLC 2018 will be a great opportunity to share your research or industrial experience in a global forum with Lean Construction professionals.**

## Conference Tracks

- Contract and Cost Management
- Enabling Lean with Information Technology
- Lean Theory
- People, Culture and Change
- Product Development and Design Management
- Production Planning and Control
- Production System Design
- Safety, Quality and Green-Lean
- Supply Chain Management and Off-Site Construction
- Teaching Lean

For details on how to submit technical content, Registration and other deadlines, etc. refer: [www.iglc2018.org](http://www.iglc2018.org)

## For Registrations

Date for early bird: 10<sup>th</sup> June 2018 | Last date for registration: 30<sup>th</sup> June 2018

## Airport Transfers

Fulcrum tours and travels Contact: [parvathi@fulcrum.co.in](mailto:parvathi@fulcrum.co.in)

## Sponsorship Opportunities

- Workshop Day Sponsor
- Industry Day Sponsor
- Conference Platinum Sponsor
- Conference Gold Sponsor
- Conference Silver Sponsor
- Various other opportunities
- Advertisement Publication in Conference Souvenir & Open Stall spaces for Exhibition at the Conference Venue Refer [www.iglc2018.org/sponsors.html](http://www.iglc2018.org/sponsors.html) for more details.

The event will bring together academic, research and industry professionals from India and around the world working in the space of Engineering, Procurement, Construction Management, BIM, etc and it will be a great opportunity for showcasing various related products and services.

### Conference Chair

Prof. N. Raghavan  
Department of Civil Engineering, IIT Madras, India

Prof. Koshy Varghese

### Scientific Chair

Dr. Vicente Gonzalez  
University of Auckland, New Zealand

### Workshop Day

Dr. Tariq Abdelhamid  
Michigan State University, USA

### Industry Day

Dr. Glenn Ballard  
University of California, Berkeley, USA
